

Listservs

If you would like to join one or more of the listservs, please send an email to Kim Collins at kim@northnetlibs.org and she will email you a listserv invitation. Be sure to specify in your email which listservs you would like to join.

Please note: You are able to **send** a message to a listserv that you are not subscribed to; it will first be sent to the Listserv Administrator for approval before it's sent out to the rest of the listserv. You **will not** receive any messages that are sent to a listserv unless you are subscribed to it.
