TO: NBCLS Board of Directors  
FROM: Jacquie Brinkley, NLS System Coordinator  
SUBJECT: 2018 Retiree Health Insurance  
DATE: May 15, 2017

Background:

NBCLS currently provides retiree health insurance for two former employees that retired directly from NBCLS. In the fall of 2014 the Board of Directors decided to annually approve continuing retiree health insurance and to pay only the rate set for single people receiving Medicare. The retirees have the option of selecting a different plan (for example to cover a dependent) at their own expense for the difference in cost.

One of the retirees is age 95 and has been retired for more than 30 years. The other retiree is a former executive, now retired. For calendar 2017 both chose coverage only for themselves.

The health insurance is provided through an MOU between NBCLS and Golden State Risk Management Authority, an organization that provides services to small public agencies in California. GRSMA administers a program of the California State Association of Counties Excess Insurance Authority (EIA) called EIAHealth Program. GSRMA staff indicated that agencies are expected to pay for each covered retiree a minimum of the Single rate for the applicable plan.

Rates for 2018 have been set and have increased slightly over 2017 rates. One retiree is in a plan that will cost $502 per month (2017 cost was $483 per month). Additionally, per your direction the System reimburses her for the monthly cost of Medicare, slightly over $100 per month. The second retiree is enrolled in a different plan at a monthly cost of $602 per month (2017 cost was $580/month); she is not reimbursed for Medicare. The System’s cost for 2018 will be approximately $16,000, paid from the System’s fund balance.

NBCLS can discontinue coverage by notifying GSRMA of a decision to do so. It can withdraw from the program (a step further than discontinuing coverage) by notifying both GSRMA and the EIA Health Program of its intent to withdraw at least 180 days prior to July 1.
**Recommendation:**

It is recommended that the Board of Directors adopt a resolution that states:

(a) It will annually determine by Board action if it will provide retiree health insurance for the following calendar year, and

(b) If so, it will determine how much the System will pay toward the monthly premium for each retiree during that calendar year.

It is further recommended that the Board of Directors pass a motion to continue offering the currently covered retirees health insurance for calendar 2018 with NBCLS paying per month $602 for the EPO Plan and $502 for the gold plan and that retirees may elect to cover dependents at their own expense and must notify the System Office of their intent to do so before 2018 open enrollment (retirees will be notified of exact date) and make payment to the System prior to the first day of January, 2018 and the first day of each month thereafter.
RESOLUTION # 536

It is resolved by the Board of Directors of the North Bay Cooperative Library system to annually determine if it will provide retiree health insurance for the upcoming calendar year.

And it is further resolved that if the Board of Directors determines that it will provide retiree health insurance for a given calendar year it will decide by motion how much the System will pay toward the monthly premium and how much the retirees will pay toward their premium for the upcoming year.

The foregoing resolution was introduced by Director ___________ ___________ and seconded by Director ___________ ___________ and adopted by (a unanimous vote OR an “aye” vote) of the following directors:
