The Children's Services Committee held its annual Children's Services Workshop in Tehama County on October 10, 2008.

Children's librarians and staff members from the North State Libraries spend the day with a workshop in the morning and a "sharing" forum in the afternoon. Retired school teachers Ron and Nancy Brown presented a hands on program called "Rock the Library," using music in your story hours. It was extremely well received and everyone had a great time.

The staff of the Tehama County Library put on a taco bar for lunch and the rest of the day everyone shared successes from our summer programs. The librarians also discussed the upcoming theme for next year and inquired about having some input on future planning and decision making for future themes.

The workshop ended with a plea for someone to volunteer to chair the committee for the upcoming year. Julie Mitchell graciously volunteered to head the committee.
