NORTH BAY COOPERATIVE LIBRARY SYSTEM

TO: NBCLS BOARD OF DIRECTORS

FROM: JANE LIGHT

SUBJECT: 2016 RETIREE HEALTH INSURANCE

DATE: October 14, 2015

Background:

NBCLS currently provides retiree health insurance for two former employees that retired directly from NBCLS. In the fall of 2014 the Board of Directors decided to annually approve continuing retiree health insurance and to pay only the rate set for single people receiving Medicare. The retirees have the option of selecting a different plan (for example to cover a dependent) at their own expense for the difference in cost.

One of the retirees is age 93 and has been retired for more than 30 years. The other retiree is a former executive who retired recently. For calendar 2015 both chose coverage only for themselves.

The health insurance is provided through an MOU between NBCLS and Golden State Risk Management Authority, an organization that provides services to small public agencies in California. GRSMA administers a program of the California State Association of Counties Excess Insurance Authority (EIA) called EIAHealth Program. GSRMA staff indicated that agencies are expected to pay for each covered retiree a minimum of the Single rate for the applicable plan.

Rates for 2016 have now been set. One retiree is in a plan that will cost \$483 per month. Additionally, per your direction the System reimburses her for the monthly cost of Medicare, slightly over \$100 per month. The second retiree is enrolled in a different plan at a monthly cost of \$580; she is not reimbursed for Medicare. The System's cost for 2016 will be approximately \$14,400, paid from the System's fund balance.
